. . . is the . . . at the center of the Black . . . are beings called The . . . in this movie are aliens, a very very evil beings, and when they are released from their prison they want to take over the world.” The film was a success at the box office with the third highest opening weekend box office of 1978. The film grossed \$15,695,000 in the first year, ranking number 18 on Variety magazine's list of the Top Money Making Movies of 1978. It has an approval rating of 97% on Rotten Tomatoes. Plot An American research vessel, the Fermi, discovers a sunken submarine under the ocean's surface, in the Philippines Sea, and locates a treasure. One of the crew members of the Fermi, the helmsman of the Fermi, is invited to look for the treasure. A diving ship discovers two survivors of the submarine They are Kursky, a Russian submarine commander, and his female comrade Marta, the navigator, the only survivors of the submarine and the treasures they discovered. The vessel from the Fermi,

with the help of Kursky and Marta, the treasure is found and their intentions are discovered. They are the first intelligent alien visitors to Earth. Their original planet was destroyed by a meteorite, and their mission is to take over the world and enslave all of its inhabitants. Their first attack is on New York, with the threat of nuclear war to all of Earth, and the ensuing nuclear war. Their plan, to destroy all of humanity, is working. The Fermi tries to contact Earth's government and the United Nations, but they are unable to reach them. The president of the United States is summoned to a meeting at the White House, but has to cancel due to an emergency vote in the United States Senate. The Fermi's captain, who is the government of the United States of America's best contact with the alien visitors, is ordered to destroy all Earth's population, including himself. He commits suicide and the fate of the Earth is in the hands of his comrades. Eventually, it is learned that the aliens have created a large number of robots to carry out their plans. There are large robots on the surface of the Earth, and smaller ones that are invisible.
